

ENGINEERING COLLEGES

B.Tech stands for Bachelor of Technology or Bachelor of Engineering and is a 4 year course. It is an undergraduate course taken by students after 10+2 with a science stream.

After B.Tech you can pursue post graduate courses like M.S. or M.Tech or a management course such as MBA. You can start working even after B.Tech without a Post graduate degree but any additional qualification or specialization will fetch you a lucrative salary.
